Culingo announces the global launch of a new range of Onion products.

Culingo today announced the launch of a new range of onion products under the Culingo brand to be available globally. The new range consists of 6 products, including cooked onion, fried onion, caramelised onion, onion concentrate as well as onion puree.

This is the first product launch since the company made the joint venture in August this year in order to produce and promote this products creating a global alliance.

“Our two teams have done an outstanding job in just a few months developing a range of new and exciting premium onion products”.

In the coming days, Culingo will start rolling out these products in several markets across Asia, Europe, Latin America, Middle East and the U.S. ready meal factories and producers around the world will be able to enjoy their Ready to Use onions.

“We are very pleased to be able to provide our premium onion products to customers across the world’s most popular single-serve platforms, under the Culingo brand as we expand into new channels as part of a global alliance ”

The new range of Onion products come in aseptic bags, pouches or canned, with the bennefits that ambient shelf stable products bring to the users.

All these products are made from well sources growers as well as own plantations from farmers in premier onion growing regions.

This launch will consolidate Culingos position in the industry while significantly strengthening the product portofolio.
